Report
Workshop on "Skill First, Job Next"
12-01-2024

Resource person Ms. Deepa G. Impact Division Head of Bagalkot, Mr. Chetan Executive Head and Mr. Umesh Pujeri Division Lead Skill Plus Program, Deshpande Skilling, Hubballi delivered regarding two skill development programs: Skill Plus and Skill Plus-R, which are designed to bridge the education-employment skill gap through demand-driven, industry-specific programs. This enables to transform unemployed rural youth into skilled intrapreneurs, possessing relevant skills for evolving job roles. The rural youth is trained in real-world scenarios and given hands-on experience in their chosen fields.

Further they focused on better content, scaling, and sustainability with quality. Implementation of an AI tool for assessing student employability that has allowed for calibrating the intervention and career counseling for students. Their residential facility is also being utilized as an R&D center and with program trainers, they are moving to colleges in tier II/III towns, as their opportunity is to scale-up bigger than ever before.

HEALTH BLOOD CHECKUP CAMP

Basaveshwar Science College, Bagalkote IQAC Initiative HB Test conducted by women empowerment cell collaboration with DMLTC Department on date 09/05/2024 & 10/05/2024. In the health checkup camp there were about 121 BSc, 88 BCA students and 20 teaching staff were tested.

About the health checkup camp to ensure adequate tissue oxygenation, a sufficient hemoglobin level must be maintained. The amount of hemoglobin in whole blood is expressed in grams per deciliter (g/dl). The normal Hb level for males is 12 to 16 g/dl; that for females in 12 to 16 g/dl. When the hemoglobin level is low, the patient has anemia.

Anemia is problem of not having healthy red blood cells of hemoglobin to carry oxygen to the body's tissues. Hemoglobin is a protein found in red cells that carries oxygen from the lungs to all organs in the body. Having anemia can cause tiredness, weakness and shortness of breath.

A Report on Health Check up in Old Age Home (Vriddhashrama) Neeralakeri in collaboration with BVVS Homeopathy College, Bagalkot

The Women Empowerment Cell of B.V.V. Sangha's Basaveshwar Science College, Bagalkote, in collaboration with the Bagalkot Ladies Society and BVVS Homeopathy Medical College, Bagalkot, organized a successful Health Check-up Camp at the Oldage Home (Vriddashrma) in Neeralakeri on 13th June 2024.

The event commenced with an introductory speech by Dr. S.R. Kaladagi Chairperson, WEC, who highlighted the importance of providing healthcare services to the elderly and vulnerable members of society. Smt. Mohini Gaonkar, a renowned social activist, delivered the keynote address, emphasizing the need for collective efforts in addressing the health concerns of the underprivileged.

The chief guest, Dr. Kashinath, graced the occasion with his presence and commended the organizers for their noble initiative. In his address, he stressed the significance of regular health check-ups, especially for the elderly population, and urged the community to actively participate in such endeavors.

The health check-up camp witnessed a tremendous response from the residents of the oldage home. A team of dedicated medical professionals from BVVS Homeopathy Medical College, Bagalkot, conducted comprehensive health check-ups, including basic vital sign monitoring, blood sugar level testing, and general medical consultations.

The event was a resounding success, thanks to the collaborative efforts of the organizers and the active participation of the medical professionals. It served as a reminder of the importance of community outreach programs and the need to prioritize the well-being of vulnerable populations.

The event was skilfully anchored by Miss Laxmi Rathod, Lecturer, Department of Chemistry, PG Section, from Basaveshwar Science College.

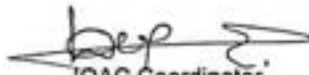

At the conclusion of the health check-up camp, Smt. Sandya Vade, a prominent member of the Bagalkot Ladies Society, delivered the vote of thanks. She expressed her sincere gratitude to the organizers, medical professionals, volunteers, and all those who contributed to the success of the initiative.

Smt. Vade acknowledged the efforts of the Women Empowerment Cell of Basaveshwar Science College and the Bagalkot Ladies Society for their unwavering commitment to serving the community.

Lastly, she expressed her heartfelt gratitude to the residents of the Oldage Home (Vriddashrma) in Neeralakeri for their participation and cooperation, which made the health check-up camp a resounding success.

The event concluded on a positive note, with participants leaving with a renewed sense of purpose and a determination to continue serving the underprivileged members of society.

Report

One week Workshop on **"ICT"** for B.Sc. II (PCM) students

13-05-2024 to 18-05-2024

"ICT" was organized for B.Sc. II (PCM) students and Dr. S.M. Gaonkar presided over the function and conveyed importance that in this 21st century ICT is booming in skills and development capability and literacy to prepare students for an integrated society dominated by ICT developments.

Dr. D.S. Lamani continued with the key features of ICT are E-learning or Online Learning that promotes higher-order thinking skills which enhances subject learning and encourages collaboration. ICT naturally brings students together where they can talk and discuss what they are doing for their work and this in turn, opens up avenues for communication thus leading to language development. ICT's will continue to be a significant part of our future as it connects itself to more and more parts of our lives. It will continually evolve and change because as consumers we all like a choice. He concluded that we like to use ICT for personal growth, creativity, and impressive teaching.
